PROFESSIONAL SUMMARY

Experienced Web Developer adept in all stages of advanced web development. Knowledgeable in user interface, testing, and debugging processes. Bringing forth expertise in design, installation, testing and maintenance of web systems and Python application developments.

EMPLOYMENT HISTORY

Freelance Developer, Freelancing   Coimbatore
8/2021 - 6/2022

- Proficient in Python: Developed server-side applications and scripts using Python, including Django and Flask frameworks.

- Front-end Development: Created responsive and visually appealing user interfaces using HTML, CSS, and JavaScript, with a focus on delivering a seamless user experience.

- Back-end Development: Designed and implemented RESTful APIs, integrated databases, and ensured data security and integrity.

- Database Management: Worked with SQL and NoSQL databases, including PostgreSQL and MongoDB, to store and retrieve data efficiently.

- Testing and Debugging: Conducted unit testing, debugging, and performance optimization to ensure robust and reliable applications.

- Deployment and Hosting: Deployed web applications on cloud platforms like AWS, Heroku, and managed domain configurations.
-
- Collaboration: Worked closely with cross-functional teams, including designers and product managers, to translate project requirements into technical solutions.
- Continuous Learning: Kept up-to-date with the latest web development trends and technologies, regularly enhancing my skillset.
